Radiologist - Oncologic Imaging

The Cross Cancer Institute, in conjunction with the University of Alberta and Alberta Health Services, is recruiting into two (2) part time radiologist positions with a keen interest in oncologic imaging, as well as strong cross-sectional and procedural skills to join the current group Oncology radiologists.

The ideal candidates will have completed a dedicated body imaging fellowship, with multimodality experience involving image guided procedures. Preference will be given to candidates who have had practical work experience in body and breast imaging. Applicants without fellowship training, but with strong clinical and leadership experience in oncologic imaging, are also encouraged to apply.

Candidates must be eligible for licensure with the College of Physicians and Surgeons of Alberta. FRCPC status is preferred. The Cross Cancer Institute serves as the comprehensive cancer treatment and research facility for Edmonton and all of Northern Alberta. The position is 100% clinical.

Consideration of applications will continue until the position is filled. Interested applicants should apply online and arrange to have a current curriculum vitae as well as the names of three references forwarded to:

Community Info:

Edmonton has been ranked as one of the top 10 places to live in Canada (of over 200 cities), beating out better known contenders such as Toronto and Vancouver, based on criteria such as affordability, employment, wealth statistics, access to medical care, and public transportation.

The city boasts wide ethnic diversity, fine restaurants, extensive arts and cultural opportunities, and was even named as the Cultural Capital of Canada in recent years. As one of Canada's sunniest cities, Edmonton is a haven for outdoor enthusiasts. In addition to the city's extensive urban park system surrounding the North Saskatchewan River, Banff and Jasper National Parks are both an easy drive away.
