Shift Duration:8's

IMAGINE a hospital where everyone is committed to excellence. We did. We are. From boardroom to bedside, we go above and beyond to offer the best and safest patient care. At North York General Hospital (NYGH), we put our patients first in everything we do.

We are achieving a new standard of excellence in integrated patient-centered care and as one of Canada's leading community academic hospitals, we are building on our academic foundation through enhanced education, research and innovation. North York General Hospital is part of North York Toronto Health Partners, a collaborative partnership with patients, primary care, and community partners, a first-generation Ontario Health Team, driving the development of a locally integrated health system to serve the community.

As part of our dynamic team, you too can stand out and be amazing! At North York General, our team is making a world of difference.

As a result of the COVID-19 pandemic and the need to strengthen and promote health protection to patients, staff and members of the public attending in the hospital, prior to the first day of employment with the Hospital, all successful candidates are required to provide proof of COVID-19 vaccination (full vaccination is required) from the Ontario Ministry of Health website or other authorized source. An individual is fully vaccinated if they have provided proof of vaccination in the form of a receipt from COVaxON (the Ministry's provincial system for COVID-19 vaccination information) and 14 days have elapsed from the final dose.

In the event that you are unable to be vaccinated as a result of a ground protected under the Human Rights Code, you may submit a written explanation of the ground and any supporting documentation to determine if you are exempt from this requirement.

Position Summary

Physiotherapist, Acute Care Unit Medicine 3N/6N

Your goal in this position is the assessment of the physical function of your patients, and the subsequent treatment, rehabilitation and prevention of physical dysfunction, injury or pain, and to develop, maintain, rehabilitate or augment function to relieve pain. You have the ability to recognize problems and take appropriate action.

You are computer proficient, have superior communication and interpersonal skills, effortlessly connecting with physicians, staff, patients, and families, and display a high degree of professionalism, with the ability to work independently as well as collaboratively, in small groups and in a team environment.

You demonstrate strong leadership, organizational and problem-solving skills and the ability to work under pressure and maintain high level of productivity and competence. You are self-directed and flexible to adapt to the demands of a constantly changing patient case load, and are able to prioritize and meet additional responsibilities as required.

You are able to self-evaluate in order to maintain clinical competency and determine needs for professional development. You will provide excellent patient and family-driven care in a supportive and culturally sensitive manner.

This position supports the Hospital's academic mandate by advancing care through teaching and learning and/or transforming care through research and innovation. This position contributes to the shared responsibility of ensuring health and safety policies are followed to provide for a healthy environment for staff, physicians, volunteers, learners, patients and families.

On a practical level, you will

- Deliver patient care following current accepted standards of practice and principles of physiotherapy in the assessment, treatment and education of patients, and liaises with other members of the health care team members in a collaborative and consultative role
- and analyze clinical findings in order to develop treatment plans appropriate for a patient's conditions, and to change and terminate treatment when necessary
- Safely implement commonly accepted physiotherapy techniques relevant to a patient's condition utilizing evidence-based practices
- Maintain current documentation on patient health records and communicate with the healthcare team members, as required
- Provide educational programs for hospital staff and groups in the community. Supervise physiotherapy support personnel such as the Rehabilitation Assistant, physiotherapy students and interns
- Engage in ongoing professional development such as in-service education, post-graduate

- education and literature review
- Engage in patient and family education as appropriate
 - Administer statistics of productivity, ensuring patient and staff safety, track involvement in program development and implementation, quality improvement initiatives and quality assurance activities
 - Use evidence-based/best practice guidelines in developing appropriate physiotherapy care plans as well as in developing policies and procedures aligned with the organization's strategic direction
 - Supports the hospital's mandate by advancing care through teaching and learning and/or transforming care through research and innovation

Qualifications

- Bachelor of Science Physiotherapy from a recognized educational institution, Masters preferred
- 1 year related experience
- Registration, in good standing, with the College of Physiotherapists of Ontario
- Membership with the Canadian Physiotherapy Association encouraged
- Rostered for administering a substance by inhalation and tracheal suctioning with the College of Physiotherapists of Ontario
- Bilingualism in French/English an asset

What We Offer

Working at NYGH means working with a dynamic team of fellow healthcare providers, staff, and volunteers in one of Canada's leading hospitals. This is a Part-Time Temporary position with 8 hour shifts, day and evenings shifts including weekends in the acute care medicine unit. We offer a highly competitive total compensation package which includes pay in lieu of benefits, vacation pay and the opportunity to join the Hospital Pension Plan.

FOR EXTERNAL APPLICANTS ONLY: As a condition of employment, you are required to submit proof of COVID-19 vaccination to the Hospital's Occupational Health and Safety department.

How to Apply

Think you're the right person for the job? Here's your first chance to show us why:

Ensure to meet the deadline - only applications received by the closing date will be considered.

We will review all applications and will contact those selected for an interview.

At North York General, we are committed to fostering an inclusive and accessible environment. We are dedicated to building a workforce that reflects the diversity of the community in which we live, including those with disabilities. North York General is committed to providing accommodations in all parts of the hiring process. If you require an accommodation, we will work with you to meet your needs.
