Radiation Therapist

Job Title: Radiation Therapist

Program & Department: Royal Victoria Regional Health Centre -> Cancer Program -> Radiation Treatment

Full / Part Time: Full-Time

Salary Plan / Job Grade: \$34.27 - \$46.96 (NU_30)

Job Summary & Requirements

The Simcoe Muskoka Regional Cancer Program is one of fourteen in the province of Ontario. As a Radiation Therapist in the Simcoe Muskoka Regional Cancer Program, you may perform all aspects of the radiation planning and treatment processes including simulation, treatment planning, radiation treatment, quality assurance, patient education and assessment as prescribed by the Radiation Oncologist and in compliance with the Standards of Practice of the College of Medical Radiation Technologists of Ontario (CMRTO), organizational and departmental policies and procedures.

The Simcoe Muskoka Regional Cancer Centre is equipped with 4 Varian linear accelerators, each having VMAT, IGRT and respiratory gating capabilities and a Bravos HDR Afterloader for brachytherapy treatment. A Canon Exceed LB CT Simulator with Varian's Advanced RGSC motion management system will provide both 3D and 4D treatment planning data.

Our paperless environment is supported by Varian's ARIA Oncology Information System and Eclipse Treatment Planning System. As a member of the Simcoe Muskoka Regional Cancer Program and Team RVH you will be part of passionate and caring group of health professionals and support staff dedicated to providing high quality, patient and family focused care for the growing populations of our region with a commitment to life-long learning, research and continuous quality improvement.

Such candidates may be hired as a Graduate Student provided they have completed degree/diploma requirements. Candidates would be able to complete hospital and departmental orientation as a Graduate Student. Upon successfully passing the exam and registering with the College of Medical Radiation and Imaging Technologists, they would be hired into a Radiation Therapist casual position.

As a qualified candidate you will need to have the following job requirements:

- Bachelor of Science, Medical Radiation Technology, specialty Radiation Therapy
- CAMRT Diploma, Radiation Therapy
- Registration as an [M.R.T.\(T\)](#) with the College of Medical Radiation Technologists of Ontario (CMRTO) required
- Current certification in Basic Cardiac Life Support required
- Experience with Varian equipment and information systems preferred
- Member of the Canadian Association of Medical Radiation Technologists (CAMRT) recommended
- General computer skills
- Knowledge of Radiation Safety and relevant legislation
- You will be a great fit for this position if you have:
- Excellent technical, communication, organizational, patient care, analytical and critical thinking skills
- Demonstrated adaptability, compassion, initiative and interpersonal skills
- The ability to take ownership of your own learning by seeking out feedback and opportunities for improvement.
- Strong organizational and time management skills including the ability to prioritize workload
- Patient Care skills
- Problem Solving Skills
- Conflict Resolution

Unless otherwise stated applicants must have a minimum educational requirement of Grade 12 or equivalent and must demonstrate proven workplace excellence through commitment to strong job performance and attendance.

Please be reminded that as a Regional Health Centre, in order to provide the necessary patient care, our operations run 24/7. Therefore, depending on the program for which you are applying, it may be an expectation that you are available to work week days and weekends, as well as all shifts - days, evenings, and nights.

Employment Equity

RVH is committed to diversity and employment equity in the workplace and welcomes applications from all qualified individuals, including women, visible minorities, Indigenous peoples, persons with disabilities, LGBTQ persons, and others who may contribute to a diverse workplace.
